STORY QUESTION & ANSWER To experience the story of the Lands Between, you must answer questions that are set up in front of you. Ask the questions that come to your mind and answer them yourself.

REMEMBER THE QUESTIONS: ◆ Princess: who do you want to save? ◆ Princess: who do you want to defeat? ◆ Princess: what's your dream? ◆ Hero: what's your dream? ◆ Hero: what kind of hero are you? The true hero must find the answers to those questions, and find them together with the hero and princess that he or she loves.

QUESTIONS TO THE KING This is a story that you must experience by yourself. ◆ What kind of hero are you? ◆ What will you do if you do not decide to protect the princess? ◆ Are you the hero of this story? The true hero must stand up and make a decision in order to protect the princess.

BATTLE In the Lands Between, you are guided by grace. In the battlefield, use your determination to be a hero. Use the appropriate magic at the right moment.

CHARACTER DEVELOPMENT As you advance in the story, there will be an encounter with a new type of enemy, and you will receive a stronger weapon.

8.5/10 I am glad to say that this game is a massive improvement over the first one. In my opinion the first game was a bit too clunky and the gameplay was a little too repetitive. But this one fixed all of that. It makes everything more polished, the graphics are stunning, and combat is actually fun to play. So go buy this game right now and enjoy a great new world. 8/10 The Elder Scrolls Online is probably the most ambitious online RPG available. The game combines open world gameplay with persistent MMO elements in a very compelling way. If you like the Witcher games, Witcher 3, other open-world-RPGs or just the Elder Scrolls series in general, you'll probably really enjoy The Elder Scrolls Online. And if you're a MMO player that isn't too bothered by the shortcomings of WoW, this is a great MMO to pick up. Play it and you'll be hooked for a long time. 8/10 One of the most disappointing games released recently, Elder Scrolls Online has a lot of potential as an MMO but is severely hampered by its many technical issues. I have played for a year and my character has only found level 25. There is no reward for playing the game and I am constantly getting blocked at quest NPCs by players with mostly 110 to 130 level characters. I

do not recommend this game. 8/10 Most of the quests are repetitive and have no real purpose. Almost half of the skill trees are simple and leave players unable to do anything until level 50, meaning they simply become the same as the other players. And finally, there is no clear direction as to why your character is level 50 or 100. 7/10 I feel like a lot of the reviews we've seen on this game so far have been out of date. I would like to point out that our review was originally written in August, 2014. At this time, there were very few technical issues. I am personally shocked by the number of major issues that the game currently has, but I don't want to argue. Just know that some of the complaints that you read about aren't even valid anymore. A lot of them are still valid, but some have completely changed. 8.5/10 I've really been enjoying Elder Scrolls Online. The core gameplay is very much the same as with Skyrim or Morrowind, but with bff6bb2d33

KOLKATA: The West Bengal government is considering a proposal to launch a direct flight to Myanmar. The state government had last year floated an e-tendering and it was won by a group of students from India, with the state exchequer footing the entire cost. West Bengal's overseas office had earlier pressed the state government to consider a request from Myanmar to operate a direct flight from Kolkata
